**How we Work Together to Grow and Improve
the School Nutrition Profession**

11:15 Breakout to Workshops – Concepts

Track 1: Human Resource and Staff Development

How do you inspire staff to embrace ownership, creativity, and innovation? Learn strategies for developing professional skills and fostering professional improvement in the workplace.

Track 2: Nutrition Education

How can the school nutrition program become an integral part of learning? Bring nutrition education into child nutrition programs through taste tests, classroom lessons, theme meals, and other ways to build a bridge between the school kitchen and classrooms.

Track 3: Communications and Marketing

How do you reach different audiences with effective messaging? Learn methods, including social media and print, that help to promote child nutrition values and goals and activities.

12:15 LUNCH and Awards

1:15 Workshops PART II –

Action Planning and SMART Goals –
Stay in same group as morning session.

3:00 CLOSING REMARKS

Once again your SNA-VT organization offers an opportunity for school nutrition professionals to come together for information sharing, learning, professional growth and program improvement.

This year's focus on the **THE SCHOOL NUTRITION PROFESSIONAL**

is designed to address current needs and interests expressed throughout the state.

Join us for a great day together!
